

Part I – Scientific Activities

Tokamak ISTTOK (exemplo)

Summary and highlights of research achievements (alterar este título de acordo)

Provide a concise description of the main research achievements during the year.

Figures, tables, graphics etc must have captions.

Graphic files must be submitted separately from the text (i.e. not embedded), and have a resolution of at least 150 dpi.

Restantes títulos: promover a H2 ou eliminar de acordo com o trabalho efectuado:

Participation in the ITER project

Participation in the EFDA programme

Participation in the collective use of the JET facilities by the EFDA Associates

Participation in the ASDEX Upgrade programme

Participation in the TJ-II programme

Participation in the COMPASS programme

Collaboration with the Association Euratom/CEA

General activities on theory and modeling

Keep-in-touch activities in inertial fusion energy

Other fusion-related activities

Plasma theory and simulations

New radiation sources from plasmas and optical physics

Laser-plasma accelerators and applications

High intensity laser and technology

Coherent XUV sources and applications

Fast ignition and HiPER

Plasma engineering laboratory

Non-equilibrium kinetics and simulations of plasmas and afterglow plasmas

Modelling of plasma sources

Quantum plasmas

Fundamental physics in space

Part II – Scientific Output

Please fill the following pages according to the format shown and the examples provided.

It is suggested that for each section you start by copying as many items as required.

A. Publications

Books and book chapters

Copy as many tables as required and fill the data in the right column. In alternative fill the database existing on XXXXXXXXX and provide here a link to your publication.

Author(s)	
Chapter title	(if applicable)
Page	(if applicable)
Book title	
Publisher	
Year	

Papers in international refereed scientific journals

Copy as many tables as required and fill the data in the right column. The first table is filled only as an example, you may delete it.

Author(s)	Abel IG, BN Breizman, SE Sharapov and JET-EFDA
Paper title	Resonant excitation of shear Alfvén perturbations by trapped energetic ions in a tokamak
Journal name	Physics of Plasmas
Volume, page	16, 102506
Year	2009

B. Publications and contributions in conferences and workshops

Copy as many tables as required and fill the data on the right column.

Papers in conference proceedings

Author(s)	
Paper title	

Conference	
Volume, page	
Year	

Invited talks

Conference	
Start-end date	
Location	
Author(s)	
Talk title	

Oral contributions

Conference	
Start-end date	
Location	
Author(s)	
Talk title	

Conference

Author(s)	
Poster title	

C. Other publications and outputs

Patents

Authors, "Title" Patent code (date)

International reports

fhAuthors, "Title" Report title (date)

Technical reports

Authors, "Title" Report title (date)

Laboratorial prototypes

Authors, "Title"

Computational and numerical codes

Authors, "Title"

D. Education and training

Doctorate theses completed

Author, "Title", University, location (month year), supervised by Supervisor_name.

Master's theses completed

Author, "Title", University, location (month year), supervised by Supervisor_name.

Other

(Specific description)

E. Distinctions and awards

Prizes

Example: N. Surname was awarded the XPTO Prize for Excellence.

Board of scientific journals and editorial positions

Example: N. Surname served as editor of the Journal X.

Organizing committees of conferences and workshops

Example: Organization of the Conf-Name, January 1-5, Lisbon, Portugal.

Scientific committees of conferences and workshops

Example: N. Surname was a member of the scientific committee of the Conf-Name, January 1-5, Lisbon, Portugal.

Management activities

Example: N. Surname was a member of the management board of IPFN.

Refereeing of scientific publications

Example: N. Surname served as referee for Journal X.

Refereeing of projects

Example: N. Surname served as referee for Funding Agency X.

Projects/funding awarded

Principal_investigator, "Project_title", Funding_agency Project Code (Start_date – End_date)

Individual fellowships awarded

Name, Fellowship_type, Funding_agency Fellowship Code (Start_date – End_date)

Other

(specific description)

E. Public Information activities

Media accounts of research

Example: N. Surname was interviewed for the television channel TV1 on the subject of nuclear fusion

Press releases

Author(s), "Title" (Date)

Science communication to the public

(Specific description)

F. Other

Short-term visitors

Example: N. Surname was a visitor at the Group for X during January 1-7

Long-term visitors

Example: N. Surname was a visitor at the Group for X during January 1 to September 30

Other

(Specific description)
