

Short-term visitors

Short-term visitors
Gialunca de Mesi (ENEA, Italy) was a visitor at the Group of Experimental Physics from October 18 to November 15 18 to November
Jakubowski Lech and Malinowski Karol (IPPLM, Poland) were visitors at the Group of Experimental Physics from May 25 to June 26.
Manfred Zilker (IPP, Germany) was a visitor at the Group of Control and Data Acquisition from May 15 till 30.
Filip Yank (IPP, Czech Republic) was a visitor at the Group of Control and Data Acquisition from May 23 to June 11.
Yan Pisaka (IPP, Czech Republic) was a visitor at the Group of Control and Data Acquisition from November 22 to December 2.

Long-term visitors

Long-term visitors
Example: N. Surname was a visitor at the Group for X during January 1 to September 30

Other

(Specific description)

Participation in the European Doctorate on “Fusion Science and Engineering”, organized jointly by University of Padova, Instituto Superior Técnico and Maximilian University of Munich.

- *Continuation of the 2nd Doctorate started in 2009 (with 4 students from IST, 5 from Padova and 2 from Munich), with Advanced Course at IST with lectures on Diagnostics, Control and Data Acquisition systems*

Students have participated in the 2nd Advanced Course (at IST, with lectures on Diagnostics, Real Time Control and Data Acquisition) and at the 3rd Advanced Course (Engineering, in Padova). The PhD work is progressing well accordingly to the statements of the corresponding tutors.

- *Start of the 3rd Doctorate*

One student from IST attended the Basic Course (Padova) and the 1st Advanced Course.

- **Course on Remote Laboratories**

Course given by Prof. Horácio Fernandes in the "20^o Encontro Ibérico Ensino da Física", 1-3 Setembro 2010, Vila Real, Portugal (0,7 credits)
